## Todo

So, next actions has to be done:

1. Final checks of **apartments** availabilities and do the simulation of the booking.
2. Final checks of the **flights** availabilities and prices.
3. Book the flights to go to there.
4. Book the **apartments** (both).
5. Save the dates in the office.
6. Check COVID restrictions and/or certificates.

## References

- [Wiki Page](#)
- [Google Maps](#)
- [Sir Seewoosagur Ramgoolam International Airport, MRU](#)

## Destination

Travel to **Mauritius Island** 🌞, 😎, 🌴, 👙, 🍹. Yuhuuuu!!!

## Travel Requirements

- **Passport** must be valid for at least **6 months**.
- EU COVID Vaccination Certificates.
- Negative PCR within 72h.

## Dates

In total, **three weeks**, from **Friday, 4th of March** to **Sunday, 27th of March** of 2022.

It is Mauritius' shoulder season, which means less humid, lower prices, less visitors, perfect for diving/snorkeling, but raining expected.

## Plan

### Vero's plan

Vero gets the **three weeks** of holidays, to enjoy running around the island 🏃...

### Abel's plan

Abel works the **first week** over there and then gets **two weeks** of holidays.

Abel can work from the Valid's office in the island or from the Apartment (in case Wifi is enough good).

Abel's office is in [NeXTeracom Tower 1 @ Ebene area](#).

## Weather

- [Reference 1](#)
- [Reference 2](#)
- [Reference 3](#)

March is the **wet session** so we should expect a lot of rains, with good temperature and humidity. But this depends on the region.

- Please, read it directly in the [Reference 3](#).
- Please, read about [the different regions here](#).

March is cyclones season, so it can happen two things: either it rains all the time or it is really good weather (with 30 degrees), but nothing is assured since is cyclones season.

## Flights

Flights already booked with [Ticket.DK](#).

```
Condor
13:05 København (CPH) 14:30 Frankfurt Intl (FRA)
4 mar. LH827 4 mar.
16:10 Frankfurt Intl (FRA) 06:40 Mauritius Sir S Ramgoolam Intl (MRU)
4 mar. DE2314 5 mar.
```

Cost 6.580 / 2 = 3290 dkk by person.

We will book the return flights already in Mauritius, when we have decided when and how we want to come back.

Some budget estimations are:

```
Going to Mauritius: 3290 dkk
Return from Mauritius: 3710 dkk
Total 7000 DKK
```

## Accommodation

Following are the different options that we have now:

- Option 1: Close to the office (not in the beach):
  - 502€: 18 min to the office.
  - 433€: 23 min to the office.
  - 386€: 29 min to the office.
  - 731€: 20min to the office.
  - 601€: 30min to the office.
  - 962€: 2min to the office.
- Option 2: In the beach, in e.g. Albion, not so far way from the office:
  - 315€, 15min (or less) to the Beach, 20min by car to the office.
  - 758€, 20min (or less) to the Beach, 25min by car to the office.
- Option 3: In the beach, far from away the office (cheaper):
  - Flic en Flac:
    - ~~498€: 4min (or less) to the Beach, 40min by car to the office.~~
    - Excluded: No enough commodities, like washing machine.
  - North:
    - 355€, Closest beach doesn't looks nice?.
  - More North:
    - 415€, Close Beach, 45min (or more) by car to the office.
    - 468€, Close Beach, 45min (or more) by car to the office.
    - 472€, Close Beach, 45min (or more) by car to the office.
    - ~~441€, Close Beach, 45min (or more) by car to the office.~~

So the plan can be as following:

- **First week**, from 4th to 12th, renting this apartment close to office 172€: 18 min to the office.
  - So I can walk to work to the office.
  - But it is not close to the beach, so we have to see how/where we can reach the beach this week?
- **Second and Third weeks**, from 12th to 24th
  - In the North: 420€, in the Trou aux Biches, North
  - In the West: 418€, Flic en Flac beach.
  - In the West: 458€, Flic en Flac beach.

On average, the cost can be set in **600€ = 4.400 DKK**.

## Requirements

- Wifi.
- Parking Area for the Car.

## Transportation

Think how we are doing:

- From/To Airport
- Excursions / Visits
- From/To Valid Office (for visit or for working there one week).

### Renting Car

One week of simulation from 4th of March (10h00) to 11th of March (10h00), in the Airport.

- 172€: OLA, Perodua Axia with GPS and Assistance.
  - This option for three weeks: 452€.
- 200€: Pingouin Car Rental, Kia Picanto with GPS.
- 314€: Europcar, Kia Picanto Automatic with GPS
- 330€: Sixt.Com, Kia Picanto with GPS.

Gasoline is cheaper than in Denmark. Adding some gasoline costs, on average, the cost can be set in **500€ = 3.800 DKK**.

Note: In Mauritius, they drive by the **left**.

### By Taxi

- **Viator**. From/To the Airport about **350 DKK** (or less).

## Food

Expenses in food can be the same, or cheaper than here in Denmark.

## Budget

In the island they use the **Mauritian rupee** where **100 DKK = 668,96 MRU**.

Flights	7.000 DKK * 2 = 14.000 DKK
AirBNB	4.400 DKK (three weeks)
Car	3.800 DKK (one week)
Extra Costs	3.800 DKK
Total:	26.000 DKK

So, we should pay around **13.000 DKK** by each.

## Excursions / Visit

- Sailing, Diving
- **todo** find alternatives here.

## Things to Pack

- Passport.
- Rain jacket, rain cloths.
